SUMMARY

I'm a UI/UX Designer with over 8 years of experience in designing user-focused web and mobile applications. Skilled in frontend development too. I've worked on CRM, SaaS, fintech, and e-commerce, etc. projects to create intuitive and high-performing digital products. I'm passionate about design systems, interaction design, and accessibility, and I always strive to deliver user experiences that balance creativity, usability, and business goals.

EXPERIENCE

09/2020 - Present

UI UX Designer & Fullstack Developer

PT. Mikatasa Agung ↗

Worked as a UI/UX Designer and Frontend Developer. Responsible for designing user interfaces and implementing user experience principles into application design. Handled the frontend development of company applications using modern frameworks such as React.js, Node.js, CodeIgniter, and Laravel as part of full-stack development. Collaborated closely with backend developers and the product team to ensure cohesive design and functionality across platforms.

08/2022 - 04/2023

UI/UX DESIGNER (FREELANCE REMOTE)

THKEE - SAUDI ARABIA ↗

Working as a UI/UX Designer at a startup company. Responsible for researching, analyzing, and designing a SaaS application in the E-Course field. My role includes conducting user research, creating user flows and wireframes, designing high-fidelity interfaces, developing interactive prototypes, performing usability testing, and collaborating closely with developers to ensure smooth implementation.

03/2021 - 02/2022

UI/UX DESIGNER (FREELANCE REMOTE)

ROQUEPRESS PTE. LTD. - SINGAPORE ↗

Worked as a UI/UX Designer, contributing to the design, ideation, and development of various web and mobile app projects for clients. Responsibilities included creating user flows, wireframes, and high-fidelity designs, presenting design concepts, and collaborating with developers to ensure a seamless user experience.

04/2018 - 04/2020

UI UX Designer

CV. MAMORASOFT - INDONESIA ↗

Worked as a UI/UX Designer. Responsible for discussing app requirements with clients, designing UI/UX layouts and web interfaces, troubleshooting application bugs, and ensuring design quality through thorough QA checks.

12/2014 - 12/2017

IT Development

PT. WISATA JELAJAH BENUA – INDONESIA

Worked as part of the IT Development team at a travel company. Responsible for improving IT tools, managing networks, and designing as well as maintaining corporate web applications.
